Filing requirements

Every IDA must file this compliance report every year. The report must include:

- the terms and conditions for the recapture of state sales tax exemption benefits (as described in General Municipal Law (GML) section 875(3)) within all of the IDA's resolutions and project documents. This applies to:
 - projects established and agents or project operators appointed, and any financial assistance or agreement for payments in lieu of taxes provided, on or after March 28, 2013; and
 - any amendment or revision for additional funds or benefits made on or after March 28, 2013, to projects established, agents or project operators appointed, financial assistance provided, or payments in lieu of taxes provided, prior to March 28, 2013.
- information about efforts the IDA has made to recover, recapture, receive, or obtain any state sales tax exemption benefits and payments in lieu of state sales taxes from an agent/project operator, or other person or entity.

Every IDA must file Form ST-62 within 90 days of the end of each fiscal year.

The term *state sales tax* as used in this form includes both state sales tax and the state use tax.

For more information, see TSB-M-14(1.1)S, *Sales Tax Reporting and Recordkeeping Requirements for Industrial Development Agencies and Authorities*.

Any IDA that fails to file or substantially complete this report may lose its authority to provide state sales tax exemption benefits.

Terms and conditions for the recapture of state sales tax exemption benefits

Line 2 – If the IDA:

- **used the same** standard terms and conditions for the recapture of state sales tax exemption benefits in the project documents for all projects covered by this report, attach a copy of the terms and conditions used. You are **not** required to attach the entire document. Attach only the sections describing the state sales tax recapture requirements described in GML section 875(3).
- **used different** terms and conditions for the recapture of state sales tax exemption benefits in the project documents for the projects covered by this report, attach a copy of the terms and conditions used and identify the project(s) to which they relate. Be sure to include the project name and address, and the legal name and EIN of the agent or project operator for each project identified.
- provided state sales tax exemption benefits **but did not include** terms and conditions for the recapture of those benefits, attach a list of these projects. Include the project name and address, the legal name and EIN of the agent or project operator, and the reason why terms and conditions regarding recapture were not included.

Activities and efforts to recapture state sales tax exemption benefits

The GML requires that each IDA recapture state sales tax exemption benefits that were claimed by a project operator or agent, or other person or entity, whenever the benefits were:

- not entitled or authorized to be taken,
- in excess of the amounts authorized,
- for unauthorized property or services, or
- for property or services not used according to the terms of the agreement with the IDA.

See Form ST-65, *IDA Report of Recaptured Sales and Use Tax Benefits*, for more information.

IDAs must remit recaptured state sales tax benefit amounts to the Tax Department within 30 calendar days, using Form ST-65.

Line 4: If the IDA made efforts to recapture sales tax exemption benefits during the fiscal year covered by this report and **has not filed** Form ST-65, attach an explanation.

The attachment must include:

- name and address of the project and project number;
- legal name, EIN, and address of the agent/project operator, or other person or entity;
- project beginning and end dates;
- the basis for recapture, as described above;

When identifying recapture amounts, be sure to break down the total dollar amount into the categories below:

- state tax,
- local tax,

Recapture Language 2020**

Standard Language in Authorizing Resolution:

Section 4. Subject to the deviations and waivers set forth in Section 2 of these Resolutions, the Authority may, pursuant to Section 2326-a of the Act, recover or recapture from the Company, its agents, subagents, contractors, subcontractors, or any other party authorized to make purchases for the benefit of the Project (each a "**Company Party**" and, collectively, the "**Company Parties**"), any sales and use tax exemption benefits obtained or purported to be obtained by the Company Parties if it is determined that: (A) any Company Party is not entitled to sales and use tax exemption benefits; (B) the sales and use tax exemption benefits are in excess of the amounts authorized to be taken by any Company Party; (C) the sales and use tax exemption benefits are for property or services not authorized by the Authority as part of the Project; (D) the Company has made a material false statement in its application for financial assistance; (E) the sales and use tax exemption benefits are taken in cases where a Company Party fails to comply with a material term or condition to use property or services in the manner approved by the Authority in connection with the Project; and/or (F) if the Company obtains mortgage recording tax abatement benefits or real property tax abatements and fails to comply with a material term or condition to use property or services in a manner approved by the Authority in connection with the Project (each a "**Recapture Event**").

As a condition precedent to receiving the financial assistance set forth in Section 2, above, the Company must, upon the Authority's determination that a Recapture Event has occurred, (A) cooperate with the Authority in its efforts to recapture any sales and use tax benefits; and (B) pay over to the Authority, on demand, any amounts required to be recaptured.

Authorizing Resolution Deviation (added to standard language)

Exhibit A: REASONS FOR DEVIATION FROM UNIFORM TAX EXEMPTION POLICY

The Authority proposes to deviate from its Uniform Tax Exemption Policy by granting the Company an partial waiver from its Recapture Policy.

The reasons for deviation are as follows:

- The nature of the 2020 Project means that the number of FTE employees is extremely difficult or impossible to project
- In the event the FTE at the 2020 Project Facility falls below 25, the Authority has retained the right to terminate the Leaseback Agreement and future PILOT Payments if the company does not submit and implement a plan for the adaptation of the operations within the Project Facility and the restoration of the employment level of at least one hundred and fifty (150) FTEs, but is waiving recapture under such circumstances
- The Authority has maintained Recapture rights based on other metrics

Agent and Financial Agreement Terms

(2g) In accordance with Section 875(3) of the New York General Municipal Law (as incorporated into the Act by reference), the policies of the Authority, and the Resolution, the Company covenants and agrees that it may be subject to a Recapture Event Determination (as hereinafter defined) resulting in the potential recapture and/or termination of any and all Financial Assistance, as described below, if the Company receives, or any duly appointed Subagents receives any Financial Assistance from the Authority, and it is determined by the Authority that:

- (1) the Company or its Subagents, if any, authorized to make purchases for the benefit of the 2020 Project Facility is not entitled to the sales and use tax exemption benefits; or
- (2) the sales and use tax exemption benefits are in excess of the amounts authorized by the Authority to be taken by the Company or its Subagents, if any; or
- (3) the sales and use tax exemption benefits are for property or services not authorized by the Authority as part of the Project; or
- (4) the Company has knowingly made a material false or misleading statement, or omitted any information which, if included, would have rendered any information in the application or supporting documentation false or misleading in any material respect, on its application for Financial Assistance; or
- (5) the Company fails to invest or cause the investment of at least Eighteen Million Dollars and 00/100 (\$18,000,000.00) in the 2020 Project Facility, as certified in writing by the Company to the Authority on the Completion Date (as defined in the Leaseback Agreement).

The Company shall annually complete and submit to the Authority the Annual Certification Report in the form attached hereto as Exhibit F. Failure by the Company to complete and submit said form to the Authority within thirty (30) days' after receipt of the Authority's written request therefor shall constitute an Event of Default hereunder, whereby, if such Event of Default is continuing on the thirty first (31st) day following the Company's receipt or refusal of the Authority's written notice of Event of Default, the Authority, in its sole and absolute discretion, may terminate this Agreement and/or the PILOT Agreement and undertake a Recapture Event Determination.

The findings made by the Authority with respect to Section 2(g)(1), (2), (3) and/or (4) and/or failure to provide the written confirmation as required by Section 2(g)(5) with respect to the thresholds and requirements as identified in Section 2(g)(5), above, and/or failure to meet the thresholds and requirements as identified in Section 2(g)(5) above, may potentially be determined by the Authority, in accordance with the Authority's "Project Recapture and Termination Policy", to constitute a failure to comply with Section 875(3) of the New York General Municipal Law (as incorporated into the Act by reference), and/or a failure to comply with a material term or condition to use property or services or Authority Financial Assistance in the manner approved by the Authority in connection with the Project, and/or a failure to comply with the Authority's policies and Resolution (collectively, findings and determinations made as described herein with respect to Section 2(g)(1), (2), (3) and/or (4) and/or the failure under Section 2(g)(5) to submit the required certification and/or the failure to meet the required thresholds and requirements as specified in Section 2(g)(5) are hereby defined as a "Recapture Event Determination"). If the Authority makes a Recapture Event Determination, the Company agrees and covenants that it will promptly pay over any or all such amounts to the Authority that the Authority demands in connection therewith. Upon receipt of such amounts, the Authority shall then redistribute such amounts to the appropriate affected tax jurisdiction(s). The Company further understands and agrees that in the event that the Company fails to pay over such amounts to the Authority, the New York State Tax Commissioner and/or local taxing authorities may assess and determine the Financial Assistance due from the Company, together with any relevant penalties and interest due on such amounts.
